

Sprint 2 Report

Product: Athena

Team Athena

Date: 5/4/22

Actions to stop doing:

The team should stop working on the minute design details like spacing and colors since this is secondary to functionality and can always be fixed in later sprints. Stop pair programming.

Actions to start doing:

Start working individually instead of pair programming.

Actions to keep doing:

The team should continue with biweekly in-person work sessions. The team should keep up with the short SCRUM meetings to quickly update everyone on what's going on. The team should continue communicating with each other about meeting changes, work to be done, questions that have come up, etc.

Work completed/not completed:

3 tasks remaining (due to midterm and other priorities), 15/18 tasks completed

Work completion rate:

- Total number of user stories completed during the prior sprint:
 - All of them (5)
- Total number of estimated ideal work hours completed during the prior sprint:

- Sai: 10 hours
- Nitya: 6 hrs
- Logan: 13 hours
- Leejin: 6 hrs
- Kevin: 5hrs
- Total number of days during the prior sprint:
 - 14 days
- For the previous sprint, the user stories/day and ideal work hours/day figures should be reported.
 - User Stories / Day = $5 / 14 = 0.36$
 - Work Hours / Day = $40 / 14 = 2.86$

User Stories

As a user, I want to see how much of the book I have left to read so I can keep track of my progress. LK NB SK

As a user, I want to create a profile on Athena, so that I can access my data from anywhere. LT SK

As a user, I want to be able to add my own notes so that I have a record of everything in one place. LK NB SK

+ Add a card

Tasks Not Started

US1: Connect data used in Library View to Firestore LK NB

US1: Update progress section in the detail view LK NB

US1: Make detail view modular to work on both Search Screen and Library Screen SK

US1: Show other books by same author in detail screen SK

US1: Mark as completed button, move to "already read" in backend
